

## Parish of Esher Map & Directions

Please find below instructions and a map to provide assistance when travelling to Christ Church and St George's within the Parish of Esher.

### Directions to Christ Church

Christ Church is on Church Street. It is a very short road but part of a busy one way system around Esher town centre.

#### Coming by car

If you are driving the best way of coming into Esher is from the A3. This will bring you up the A244/Claremont Lane route. Continue straight until you reach the centre of Esher and the shops. Go straight across this double junction into Church Street staying in the left lane. Christ Church is on your left so you will need to signal left to drive into the church.

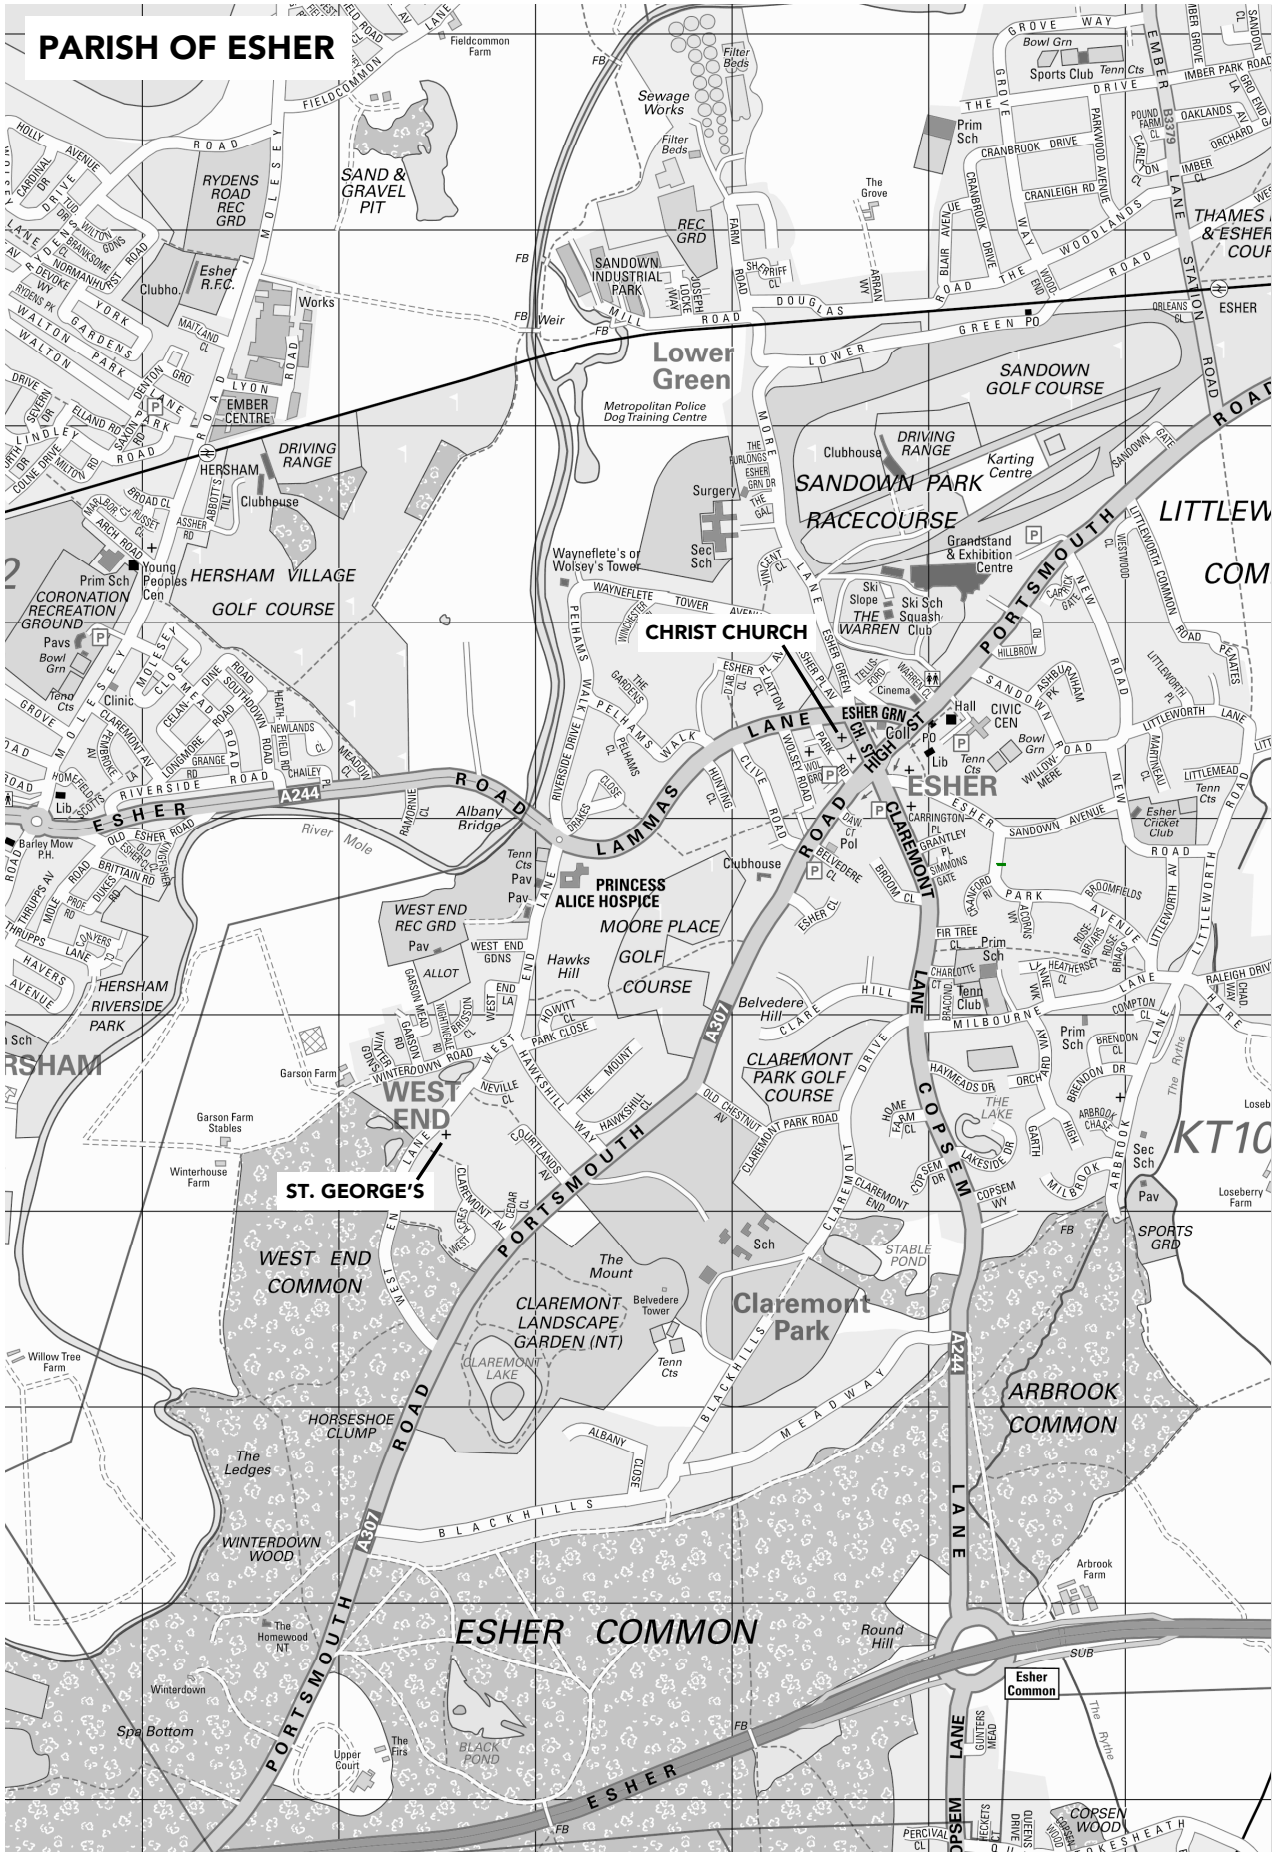

#### Parking at Christ Church and in Esher

There is limited car parking at Christ Church – only for about eight cars. You might have to park in one of the car parks in Esher. The closest car park is Highwayman's Cottage car park which five minutes walk away. The entrance is on Claremont Lane just before the double junction mentioned above. (If you miss the entrance you'll need to continue straight passing the Christ Church and do a complete circle around the one way system!) The other bigger car park is the Civic Centre car park.

#### Coming by train

If you are coming by train Esher Station is on the Waterloo to Guildford line known as 'Guildford via Esher'. The station is quite a distance from Esher town centre so it would be advisable to get a taxi at the station. The taxi company is in front of you across the car park as you exit the station. You can just see it top right on the map. You can also travel to Claygate station from Waterloo on the 'Guildford via Cobham' line. Again you'll need to get a taxi to Esher town centre from the taxi company outside the station.

### Directions to St George's

Parish of Esher, Christ Church, Esher with St George's, West End
